JOB DESCRIPTION

Summary: This community-oriented Psychiatrist will work on an interdisciplinary outpatient team. The facility has a recovery and best practice oriented mission, and the psychiatrist will have the opportunity to be a part of projects which are at the forefront of mental health service delivery.

This is an hourly contract position with a minimum of 4 hours weekly required. The psychiatrist will work closely with the treatment team to develop and implement interdisciplinary, recovery focused treatment. The position entails the following work expectations:

- Diagnostic psychiatric evaluations;
- Ongoing psychiatric management, including psychopharmacologic treatment, appropriate forms of psychotherapeutic support, and as needed crisis intervention in collaboration with the treatment team;
- Assuring comprehensive healthcare needs are identified and treated and the people served are educated about their illness and given health management information and techniques;
- Team consultation with treatment team;
- Documentation of clinical care in client's chart or EMR system
- Review and approve agency's plan for exposure control regarding infectious diseases, annually

Selection Criteria

Minimum: M.D. from an accredited Medical school and graduation from an Accredited Residency Program in Psychiatry

Psychiatrist

1. Board certification from the American Board of Psychiatry;
2. Experience in an outpatient community setting working intensively with patients with serious mental illness and substance abuse;
3. Multidisciplinary team experience;
4. Must have a Drug Enforcement Agency (DEA) license.
